SWACHHATA ABHIYAAN (December 16-31, 2021)

Date: 21 December 2021

Activity Report

To create awareness among children/students on composting/treatments and safe disposal of bio-degradable/ non-biodegradable wastes at community level; a visit to compost pits (at multi-enterprise and MSW composting sites) was organized under “Swachhta Abhiyaan, 2021”. More than 40 students of Govt. Sr. Secondary School, Pundrak, Karnal, participated in the event. The importance of recycling of waste material, principles of recycling, composting and biogas production was discussed. On site demonstration on method of composting recycling and biogas production was given.
