

ICAR-CSSRI, RRS, Bharuch Organised Training and Input Distribution Programme for Rice Growing SC Farmers

A training and input distribution programme for Scheduled Caste farmers was organized at village Amod (Taluka- Hansot, District-Bharuch) on 22-06-2022 and at village Khanpur (Taluka-Tarapur, District-Anand) on 25-06-2022 under Scheduled Caste Sub-plan programme of Govt. of India. Total 30 rice growing SC farmers (6 from Amod village and 24 from 3 villages of Tarapur taluka viz. Khanpur, Aamliyara and Rel) participated in the programme. The farmers were informed about the objective and different activities of SCSP program in general and package of practices of rice cultivation in salt affected soils in particular. Information regarding different salt tolerant varieties of rice was also given to the farmers. After the training session, seed of salt tolerant rice variety-CSR 46 was distributed to the 30 SC farmers. Dr. Anil R Chinchmalatpure, Principal Scientist & Head, other scientists of station Dr. Sagar Vibhute, Mr. Vineeth T.V and technical officer Mr. C. R. Taviyad interacted with the farmers during the programme and addressed various queries raised by them.
